## letters from the community

exceptional and compassionate patient care

Once again, my family and I would like to thank Bethlehem Township Ambulance for your services on February 26th. We would like to thank Brett Heimbach and Lauren Kaine for their outstanding service during an emergency with Addison at our Doctors office in Nazareth. It seems as though Addison has claimed 1785 as "her ambulance" when she needs transport. Thankfully our family is all back to "normal" and all healthy.

We are grateful to Bethlehem Township and your outstanding service. Our family is grateful you are close by.

THANK YOU!

Phil, Grace, Addison and Tucker Messinger

I wanted to pass along a message from one of our ED nurses. Joan Clarke was transported after an MVC on Friday and had nothing but absolute praises for the crew, Angela Surdovel and Mike Misero, from your department that treated her.

Keep up the great work and please pass on our appreciation!

Bryan J. Evans, NREMT-P

Pre-Hospital Liaison, St. Luke's Hospital & Health Network

## Trivia

another year older

**Where was the temporary station while the new one was being built?**

March A: The #17 was picked from the movie "Backdraft" that was in theatres at the time.
